Homeschool Tips

- **The themed packages last an entire school year and can be done in any order.** So pick what interests you and your children.
- **The grade levels of the themed packages do not indicate level of Spanish learning experience, but rather the age/grade of the student(s).**
- **You can use ONE theme with all your kids during the same school year.** Your children each will do lessons that fit their age/grade, but inserted into their daily lessons are optional interactive games/activities they can do together. One theme also allows your children to help and support each other.
- **There is flexibility grouping your children of different ages/grades together to save money.** The themes come in packages for grades 3-4, 5-6, or 7-8. Let's say, for example, you have a 4th grader, 6th grader, and 7th grader, you could use ONE grades 5-6 themed package (\$39.95) with them all.
- **OR,** let's say you have children in 3rd grade, 5th grade, 7th grade, and 8th grade, you could purchase a Grades 3-8 themed package (\$64.95) and get lessons for all their grade levels. This is less expensive than having to buy a Grades 3-4 (\$39.95) pkg. and Grades 7-8 (\$39.95) package.
