

Verb Relay:

Number of Players: 2 or more, plus a verb caller

Materials Needed: large chalkboard or dry erase board

Instructions:

- Draw a line down the middle of the board.
- Choose several subjects to write on the board. For example: I, she, María, José, you, we, they, etc.
- Write the subjects on the board with space between them and space to the right of each.
- Duplicate what you have written on the other side so that you have 2 exact same playing sides.
- Players line up in teams facing the board. One team per side of the board.
- The caller then gives each team an infinitive (a verb not conjugated) like andar, cantar, escribir, abrir, mirar, escuchar, etc. Each team gets a different verb.
- Once both teams know their verb, the caller tells them to begin.
- The first 2 players from the 2 teams choose a subject on their side of the board and write the conjugation for the verb next to the subject. They can choose any subject they want.

Sample Board Below:

Team 1 Verb is escribir

Team 2 Verb is cantar

I he they escriben José we you all	I he they José we cantamos you all
----------------------------------------------------------	--------------------------------------------------------------

Sample Board with Subjects in Spanish:

yo él ellos escriben José nosotros ustedes	yo él ellos José nosotros cantamos ustedes
------------------------------------------------------------------	------------------------------------------------------------------

- Play continues with each player on each team.
- The first team to correctly conjugate all their subjects wins.
