

Spanish for You!
Simple. Effective. Affordable

Vocabulary Guessing Game:

Number of Players: 3 or more

Materials Needed: index cards or vocabulary picture cards, tape

Instructions:

- Write a vocabulary word in Spanish on an index card and tape it to a person's back.
- Players look at the card and then give hints (in English or Spanish) to the person.
- Even if students are at a beginner level, they can give hints using word association. For example, the word taped to the student's back is "la manzana" (the apple), if students know words in Spanish like, "rojo" (red) or "la fruta" (the fruit), they can use these for hints.
- Once someone has guessed the word in Spanish, he or she gets an index card taped to his/her back.

Using the Vocabulary Guessing Game to Practice the Months:

(This game is great with Lección 1 in the Spanish for You! Estaciones curriculum package.)

- Write a month in Spanish on an index card and tape it to a person's back.
- Players look at the card and give weather or holiday hints in Spanish if possible.
- Once the person has guessed the month, someone else gets an index card taped to his/her back.
